Effortless Obsession

"Don't let me tell you." You have to get outside to discover art—take your life and go do it. Listening to classic punk rock while working construction in Buffalo showed me a new roadmap to expressing myself for a living. And I like watching TV.

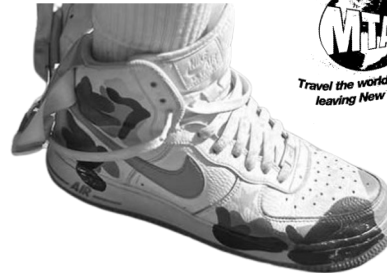

DntWatchTV

"Art is original thought. The more you see, travel, allow your mind to circulate, the more value you create."

Art Money (2026)

"It's come down to effortlessness in my life. Everything is supposed to happen because it's supposed to - art has just been the byproduct."
